

# Al WELD RADIATOR TUBE MILL MODEL:MIU-25

From brass to aluminum, soldering to welding and to be more accurate at higher speed. This is the high completed machines to meet the eternal changing demand of the times.

## Main Specification

Product:	Al Tube for Heat Exchanger
Tube Size:	Max.2mm Width×33mm Height 0.2~0.4mm Thickness
Material:	Al Three Layers Clad Material
Weld Speed:	More than 120 m/min
Cutting Capacity:	More than 400 cuts/min

# MODEL:MIU-25
